

Thunder Mtn Chapter Loveland CO H.O.G. 411 - Road Warrior Program

This program is designed to encourage participation in the H.O.G. chapter events. The threshold level of 500 points is designed so that any active member could earn a Road Warrior patch in any given year. So, this is very easily attainable... you just have to get out and ride, participate, and come to meetings. The Road Warrior Point's Coordinator will maintain the points, but it will be your individual responsibility to submit your points on a timely basis to the Road Warrior Points Coordinator.

At each chapter meeting, ride, or event, there will be a sign-in sheet used in tracking and tabulating the Road Warrior points. However, it is the responsibility of each member to check in with the point's coordinator to make sure their points are accurate and up to par...

- At 500 points the participating member will be awarded a Road Warrior patch
- At 1000 points the participating member will be awarded a Road Warrior saber and for every 1000 points thereafter another saber will be awarded.

Points	Event Description
1000	Completion of the 100,000 H.O.G. mileage program
